

A PRACTICAL APPROACH TO A GREENER HOTEL

We know that sustainability must be more than good intentions. That's why our work is built around action, measurement and continuous improvement.

ACROSS THE ESTATE, WE ARE WORKING TO:

-  Reduce unnecessary energy and water use
-  Minimise waste and maintain our Zero Waste to Landfill approach
-  Increase recycling, reuse and upcycling
-  Source more food and drink locally and seasonally
-  Reduce single-use plastics and packaging where possible
-  Support charities, schools, colleges and community organisations
-  Support biodiversity across our 38-acre estate
-  Create meaningful opportunities for guests and corporate clients to participate
-  Preserve and improve our historic buildings sensitively
-  Embed sustainability into the daily decisions made by our team

SUSTAINABILITY HIGHLIGHTS

These are just a few of the ways we're making a difference at Horwood House

OVER
£38,000

to **Crisis UK**
through our room-servicing opt-out initiative

Greengage
ECOsmart
Gold Award
2026

Zero Waste to Landfill
certification
certified by
wastetech.

£31,000

Dedicated **annual giving allocation** supporting donations, sponsorships, charity work and community initiatives

Improved EPC
(Energy Performance Certificate) rating from
C to B

Measured Carbon Baseline

717.53 tCO₂e

reported through HCMI across Scope 1, Scope 2 and partial Scope 3 (outsourced laundry emissions)
