BEHIND a PACKAGE with PURPOSE

Serving Sustainability

We gave neglected furniture a new life, salvaging ladders, drawers and coffee tables, reimagining them into decor for your event.

Plates, Platters & Purpose

Every cup, plate and platter we use is sourced from charity shops, adding character to your tables while supporting the community.

More Than Just Coffee

We've partnered with Crisis UK since 2022. Serving Crisis Coffee, including in our tiramisu, is just one of the ways our events help support their work to end homelessness.

Bee the Change

With Urban Bee-lievers and the MK Community Foundation, honey from our Horwood hive features in dishes like our Estate Honey Pannacotta, supporting local beekeeping projects.
